"Someone Like You"

Written By: Genuine JJO

I never thought that?

Chorus -

Someone like you, could reach someone like me.
Someone like you, could bring my life a whole new
meaning.

That Someone like you, would open up my heart.
Someone like you, could help me make a fresh new
start.

Oh? Only Someone like you.

Verse 1 ?

I never thought that?

Chorus

End ?

Only Someone like you?

Could break my wall,

Give me hope.

Could change my heart,

Give me Joy.

Could be my friend,

When I thought my life needed to end,

Oh? Only Someone Like You...
