Believe me please I'm being sincere
For the first and maybe the last time
We don't need to be told what to do
I almost died when I found out about hope

I would give everything I own
To my friends my family my love
If it means they will always be with me
If it means they won't ever forget me

It's 4 am and tomorrow laughs at me
The city smile is so beautiful and true
I'm counting scars on my way back home
The quiet street is like music to my ear

We have our songs our fears and our drinks
Do you see what everyone can't see
Yeah tonight the floor is calling me
I don't mind as long as there's you and whiskey
I don't mind as long as there's you and music
