Sunrise doesn't last all morning,
A cloudburst doesn't last all day
Seems my love is up and has left you with no warning
But it's not always going to be this grey

All things must pass, all things must pass away

Sunset doesn't last all evening,
A mind can blow those clouds away
After all this my love is up and must be leaving
It has not always been this grey

All things must pass, all things must pass away
All things must pass one of life's strings can last

So I must be on my way
And face another day
Now the darkness only stays at nighttime
In the morning it will fade away

Daylight is good at arriving at the right time
It's not always going to be this grey

All things must pass, all things must pass away All
things must pass, all things must pass away
