I've been walking alone for a long time
Trying to find my way
I was searching for love I can call mine
Then something happened to me today

I felt a rush of sudden desire
My emotions are all on fire
There's a spark that you ignited
It's coming on and I just can't fight it

I got this feeling like I'm coming alive
I got this feeling like I'm coming alive

It's something stirring inside me
That I've never felt before
I felt it the moment you touched me
Now I'm not alone anymore

Now that I found you, I don't wanna lose you
You started something that I could get used to
I'm so glad that we made the connection
Just assuming what you got in my direction

I got this feeling like I'm coming alive
I got this feeling like I'm coming alive

Coming alive
Coming alive
Got this feeling like I'm coming alive
Coming alive
Coming alive
Got this feeling like I'm coming alive

I felt a rush of sudden desire
My emotions are all on fire
There's a spark that you ignited
It's coming on and I just can't fight it

[Interlude]

I got this feeling like I'm coming alive

I got this feeling like I'm coming alive

I'm coming, coming, coming alive
Coming, coming, coming alive

I got this feeling like I'm coming alive
I got this feeling like I'm coming alive

I'm coming, coming, coming alive
Coming, coming, coming alive
