The way things go a love should grow  
But it's never quite that easy  
And I know deep down in my heart  
I took you for granted

But you always seemed to be right there  
Whenever you were needed  
You just saw what you wanted to see  
You kept on loving me, babe

You got me falling in love again  
Just when I thought of giving up on us  
You changed my mind and now I find  
I'm falling in love again  
When I was sure we used up all the love  
You opened up my eyes  
Now I'm falling in love again

I know it seems my foolish dreams  
Have some times come between us  
But the love I'm feeling now  
Can last us a lifetime

And it makes me wonder how I thought  
I'd last one day without you  
Tell me where in the world would I be  
If I didn't have you

You got me falling in love again  
Just when I thought of giving up on us  
You changed my mind and now I find  
I'm falling in love again  
When I was sure we used up all the love  
You opened up my eyes  
Now I'm falling in love again

You keep showin' me what matters most of all  
It's the way two hearts can weather  
Any storm when they're together

And now I'm falling in love again

Just when I thought of giving up on us  
You changed my mind and now I find  
I'm falling in love again  
When I was sure we used up all the love  
You opened up my eyes  
Now I'm falling in love again

Falling in love again  
Just when I thought of giving up on us  
You changed my mind and now I find  
I'm falling in love again  
When I was sure we used up all the love  
You opened up my eyes  
Now I'm falling in love again
