get with it  
whooh! (laughs)

another lover, uh-huh  
oooh, yeah

examination of our love  
tells me you don't have respect for me  
it's a tough restriction in my heart  
tells me that you don't appreciate me  
(and that's a fact)  
maybe you mention you can't find  
so once I gave you more sweet love in mine  
say you love me all the time  
but when I turned around, your head starts  
lookin' at some other girls, so baby

[Chorus A:]  
maybe you should try to find  
another love like ours  
maybe you should take some time  
to think it over  
maybe you should try to find  
another love like ours  
maybe you should try to find  
another lover

my main objective to see you  
so confused, you don't know what to do  
I treat you special, that's not enough  
you'll have to find a love that's good for you  
you want to see me, that's alright  
I'll be forever here by your side  
I understand you better than this  
I know these things, they take a little time  
oh baby  
something inside tells me you're confused  
sometimes you think there's something  
out there for you  
I know you love me, but that's not enough  
you have to love yourself

before you can love somebody else

[repeat chorus A]

[Chorus B:]

maybe you should try to find  
another love like ours  
maybe you should take some time  
to think it over  
maybe you should try to hang out  
with the other guys  
maybe you should try to find  
another lover

yeah, ohh  
come on, baby, I wanna say

[repeat chorus A and B]
