Secretly I hope and pray that  
Some day I would find someone I like him  
And then he came along  
But little did, did I suspect  
That he would make me blue and break my heart  
How could I've been so wrong

I say goodbye to him a thousand times  
Within my mind, but face to face  
I just can't seem to find the words, the words  
A love like ours will never last  
That's what the people say  
Sometimes I wish we never met  
Yet I can't seem to let him go, oh... oh... oh...

He's got a hold on me  
Whenever we're together  
Feels like ecstasy  
He's got a hold on me  
Feels like we're forever  
Feels like ecstasy  
He's got a hold on me  
I can't explain it, he's got a hold on me  
Mm... mm...

Another night I sat alone  
Jumping every time I hear the telephone rings  
Praying that he might call  
I asked myself, "Why put up with all those silly games  
He put me through?"  
And I can't explain, oh

You know, they say that  
Love can make you do strangest things  
And up till now I never knew he'll think of me  
Oh, I guess I never thought  
That I would fall in love this way  
And now I never need a love  
What I am pretty sure it's gone  
Whoo!

He's got a hold on me  
Whenever we're together  
Feels like ecstasy, like ecstasy, baby  
He's got a hold on me  
I can't explain it, he's got a hold on me, yeah  
He's got a hold on me, yeah, ooh! Ha, ha!  
Yeah!  
He's got a hold on me...  
Mm, mm, mm
