tek ty jeton shpirt dashuria , tek buzÃ«t e tua gjeta jete
kur me prek te them te dua, janÃ« te mia buzÃ«t e tua
te them te dua --- I say i love you
take the skies/heavens i have given them to you, take me

ti je bota, ti je dielli, ti je deti ti je qielli,ti je ai, te dua ty!
ti je ai -- you are him -- like "your the guy" i love
Your my other half in this life, everything I have

If we are not alive anymore, write me even underground, I am yours
although theres the ocean that seperates us, with you I am today if one day the sky splits
the sun will know and warm us
