You got the keys, yeah
You turn me on, yeah

Chorus

You got the keys, yeah
To my boom boom room, boom boom room
You turn me on, yeah
In my boom boom room, boom boom room

Well Imma ready, my pretty lady
Mi luv ya style, mi luv di way you drive me crazy
I wanna do you, you wanna do me
Let's make it wild, I am a bedroom bully
'Till a morning light, man a pum pum killah
Man, a real raggamuffin mi no play lambada
Better know if you are ready mi a ready for sure
Sonny Flame a coming through
mi never play number two

I know that! You know that!
You are looking so fine!
I know that! You know that!
We'll make it all night!

Chorus (2X)

Come inna mi bed, wanna give you so bad
Make your body sweat, mi no pum pum liar
Let me pull your hair when mi buckshot pon you
Wicked positions, we always try something new
Boom shaka boom glamity pon f'yah
Mi di ruffest, toughest gallis from outta Romania
Gimme ah! Ahh! Shake your booty, don't stop!
Till you cum, baby girl, come whine it faster

I know that! You know that!

You are looking so fine!
I know that! You know that!
We'll make it all night!

Chorus (2X)

Get down when I come inside, baby
You've been alone 'till I came
inna di boom boom room
You di hottest gal, let me luv ya
Let's get lost in our dreams right, ya know
Show me how ya bubbling, jiggle it,
spit on it, gag on it
You know what I like
so do your job in the boom boom room
Scream as loud as you can, baby
Scream as long as you want, babe
Boom!
