I believe it in the morning
In a cool morning breeze
Young man the battle field its calling
Fight for freedom fight for peace

They say I gotta do my duty
Men of glory join in pride
Gotta say goodbye to you my love
You never said big boys don't cry

No there ain't no sign on a soldiers gun
You can bet all your money
I say million to one
No there ain't no hope as the sergeant blows
We'll be marching forever for the country to blow

Save your tears for our reunion
Save your tears til I'm back home
Keep my Liz real close to your heart
Remember you're the only one

There's a train in the morning
Leaving everything behind
Yeah there's a ghost train in the morning
Keep my memory inside

No there ain't no sign on a soldiers gun
You can bet all your money
I say million to one
No there ain't no hope as the sergeant blows
We'll be marching forever for the country to blow

I believe it in the morning
Keep my memory inside
Will you do it
oooh

No there ain't no sign on a soldiers gun
You can bet all your money
I say million to one
No there ain't no hope as the sergeant blows

We'll be marching forever for the country to blow

No there ain't no sign on a soldiers gun

You can bet all your money

I say million to one

No there ain't no hope as the sergeant blows

We'll be marching on forever
