Yeah, it cuts deep inside when it's over
And the look in your face tells it all
You were always the one that was waiting
Now I'm stuck with my back to the wall

Yeah, I promised you goldrings and roses
Handed to you in devil's disguise
Now you thought you were holding an angel
Now the truth lies in front of your eyes

So would you run if I told you I loved you
Would you run if I asked you to stay
Would you cry if I said that I missed you
Sorry is all I can say

Girl, I've done you no good as a lover
Still haunted by old memories
And if the road that I take leads me nowhere
Than maybe that's where I wanna be

Yeah, I promised you goldrings and roses
I gave to you all of my heart
Now I've looked in the eyes of an angel
And now I don't know where to start

So would you run if I told you I loved you
Would you run if I asked you to stay
Would you cry if I said that I missed you
Sorry is all I can say

So would you run if I told you I loved you
Would you run if I asked you to stay
Would you cry if I said that I missed you
Sorry is all I can say

Sorry is all I can say
Would you run baby?
Sorry is all I can say
