New York city, and I'm out with the boys,
on fortysecond street makin' some noise
Another weekend and my baby's away
temptations drivin' me insane
Ain't makin' no promises I can't keep
I've got a lady back home
and she's waitin' there for me
I'm in love, still in love
oh-oh-oh
I'm in love, still in love
oh-oh-oh
Ain't makin' claims about being a saint
human nature just tells me I ain't
The thought of you'll make a blind man see
hey little girl, look what you're doin' to me
doin' to me
Ain't makin' no promises I can't keep
'cause I've got a lady back home
and she's waiting there for me
I'm in love, still in love
oh-oh-oh
I'm in love, still in love
oh-oh-oh
In love, still in love
oh-oh-oh
Ain't makin' no promises I can't keep
I've got a lady back home
waitin' there for me, Ah
I'm in love, still in love
oh-oh-oh
I'm in love, still in love
oh-oh-oh
