Every time I look into your eyes  
There's something deep inside my heart  
That screams your name  
I'll be insane  
If we keep going on like this  
I even miss you when you're sleeping here right next to  
me  
There's no one else but you

We're living in a dream  
An endless fantasy  
You're never alone  
So forget your sorrow  
Baby we're meant to be  
Just close your eyes and see  
That you're a part of me  
My precious story  
Fly away

All this time  
We laughed until we cried  
Just to see each other smile  
And now you'll always be the one for me  
That makes me feel like I'm alive  
I'm still searching for that story we always dreamt of  
I hope you're searching too

We're living in a dream  
An endless fantasy  
You're never alone  
So forget your sorrow  
When all you feel is pain  
I'll kiss you in the rain  
'Cause everything's okay  
When we're together  
Me and you

We're living in a dream  
An endless fantasy  
You're never alone  
So forget your sorrow

Baby we're meant to be  
Just close your eyes and see  
That you're a part of me  
My precious story

We're living in a dream  
An endless fantasy  
You're never alone  
So forget your sorrow  
When all you feel is pain  
I'll kiss you in the rain  
'Cause everything's okay  
When we're together  
Me and you
