I told you no
You told me yes
It's a sin that I have to confess
But baby, hey babe
You know I'm in love
You're so nice
And your mind
Is so wrong but it's gonna be right
Cause baby, hey babe
You know I'm in love.

You found me
And you save me
You make me swim across the storm
I'll be yours forever more.

La la la
Its such a beautiful li-li-life
I only need you by my side
And everything is alright
As long as we are together

La la la
Its such a beautiful li-li-life
I only need you by my side
And everything is alright
As long as we are together

I've been watching you
Have you been watching me, girl?
You know I don't say much
But trust me girl I need you so
Through the rain, through the storm
You know I need you m-o-ore.

I've been watching you

Have you been watching me, girl?
You know I don't say much
But trust me girl I need you so
Through the rain, through the storm
You know I need you m-o-ore.

You found me
And you save me
You make me swim across the storm
I'll be yours forever more.

La la la
Its such a beautiful li-li-life
I only need you by my side
And everything is alright
As long as we are together.

La la la
Its such a beautiful li-li-life
I only need you by my side
And everything is alright
As long as we are together.

You're one of a kind, You're one in my mind
Every day and night
You're my lucky star, shining light
I'll be by your side
I'll be by your side
I knew it from the first time
You're my one and only one,
Welcome to my life!

Oh, you're one of a kind, You're one in my mind
Every day and night
You're my lucky star, shining light
Happy by your side
Happy by your side
I knew it from the first time
You're my one and only one,
Welcome to my life!

La la la
Its such a beautiful li-li-life
I only need you by my side
And everything is alright

As long as we are together. /x5
