Boy, boy, boy, boy, boy watching now  
She put you down, like Rihanna, rampapapam  
Boy, boy, boy, boy, boy watching now  
She put you down, like Rihanna, rampapapam

I am so different from the rest of the world,  
From the rest of the world, from the rest of the world  
I am so different from the rest of the world  
I wanna change the world, I wanna change the world  
That I lived in

Me so different, me so special,  
Independent woman no correction  
Love and affection,  
You're the one I want no intervention

It's trueâ€¦  
I don't need you to tell me what to doâ€¦  
I'm gonna live life the way I wanna to

I am so different from the rest of the world,  
From the rest of the world, from the rest of the world  
I am so different from the rest of the world  
I wanna change the world, I wanna change the world  
That I lived in

Put your trust in me,  
Be happy that you meet me  
I'm a special girl and I'm not faking it  
Imma do it right, love you day and night  
Pleasure and desire, turn off the light

It's trueâ€¦  
I don't need you to tell me what to doâ€¦  
I'm gonna live life the way I wanna to

I am so different from the rest of the world,  
From the rest of the world, from the rest of the world  
I am so different from the rest of the world  
I wanna change the world, I wanna change the world

I am so different from the rest of the world  
From the rest of the world, from the rest of the world  
I am so different from the rest of the world  
I wanna change the world, I wanna change the world  
That I lived in

Boy, boy, boy, boy, boy watching now  
She put you down, like Rihanna, rampapapam  
Boy, boy, boy, boy, boy watching now  
She put you down, like Rihanna, rampapapam

I am so different from the rest of the world,  
From the rest of the world, from the rest of the world  
I am so different from the rest of the world  
I wanna change the world, I wanna change the world

I am so different from the rest of the world,  
From the rest of the world, from the rest of the world  
I am so different from the rest of the world  
I wanna change the world, I wanna change the world  
That I lived in
