You don't know what you've put me through
Its okay, Ive forgiven you
But in some way
Hope it fucks with you
Hope it fucks with you

That Im okay and Ive made it through
But who's to say what you gonna do
Ill say no names, though Ive wanted to
Isn't it strange how it seems like...

Yesterday
A boy and already afraid
Locked deep inside
My place to hide
To hide from how you made me feel
And I wonder
How's your brother
Did he end up fucked up like me?
Lost in himself
Crying for help
It's safe to say

I learned to live without pride
Just a shell, with me stuck on the inside
A prison, not a place to hide
Not a place to hide

That Im okay and Ive made it through
But who's to say what you gonna do
Ill say no names, though Ive wanted to
Isn't it strange how it seems like...

Yesterday
A boy and already afraid
Locked deep inside
My place to hide
To hide from how you made me feel
And I wonder
How's your brother
Did he end up fucked up like me?

Lost in himself
Crying for help
It's safe to say

Yesterday
A boy and already afraid
Locked deep inside
My place to hide
To hide from how you made me feel
And I wonder
How's your brother
Did he finally pull through like me?
Finding himself
Not needing help
I'd like to say
