Baila Chiquita

Dance with us tonight

O little sister been thinking of you

Everything you been going through

The world keeps spinning oh so fast

You wanna grow up, be in the next class

Been there, done that

Baby girl, aprovecha la vida

No matter where you are in life

Little sister, dance with us tonight

Chorus:

C'mon girl, don't be shy

Move to the rhythm, baila chiquita

Be yourself and nobody else

Move to rhythm, baila chiquita

Don't you worry

Don't be in such a hurry

Everything's gonna be alright

Move to the rhythm, baila chiquita

Girl don't be shy

Oye hermanita, don't you cry

You're gonna be all grown up in no time  
Follow the music you got inside  
Don't miss a beat and don't try to rush by  
Todos te dicen que crezcas con prisa  
Vamos amiga, aprovecha la vida  
No matter where you are in life  
Little sister, dance with us tonight  
Chorus  
Don't let it fade away  
Dreams you hope for someday  
All that you wish and pray  
Don't let it steal from your today  
Dance with us tonight  
Chorus  
Just move to the rhythm girl  
Don't be shy, yeah don't be  
Don't you worry  
Don't be in such a hurry  
Everything's gonna be alright  
Move to the rhythm, baila chiquita
