I'm so lonely
You're so beautiful
Not the only
One that's pitiful

Scratched and torn I lay here in pieces
Craving all of your deadly vices
Like to think that I'm not addicted
But I guess I wear it well

And I crawl
While you spit
And I crawl
Through you

Here I am now
Not a lot has changed
Nothing better
Everything's the same

Late at night I can hear your voices
Talking shit about all my choices
You would think that you've known me forever
Just because you know my name

And I crawl
While you spit
And I crawl
Through you

Everything falls apart
Everything
Everything falls apart
Everything
Everything falls apart
Everything

Everything falls apart
Everything
Everything falls apart
Everything
Everything falls apart

Everything

And I crawl
While you spit
And I crawl
Through
