well i know the words, but I can't really speak them...to
you
And I hide all the pain
that I've gained with my wisdom... from you
And I'm eatin alive
by what I hold inside.
All the things that I live with
I can't easily hide.
And I'm left here with nothing.
Nothing to live for...but you.
It's not easy to hide.
All this damage inside.
I'll carry it with me
until I'm not alive.
When you look at my face.
Does it seem just as ugly...to you.
I can't seem to erase
all the scars I have lived with...from you.
I'm so sick of this place.
And this taste in my mouth.
Cause of you I can't figure
what I'm all about.
And I'm left here with nothing.
Nothing to live for....but you.
Its not easy to hide.
All this damage inside.
I'll carry you with me.
Until I'm not alive.

LOVE U TEDDY
