It's hard to keep from falling out  
(I'm falling out)  
So i'll just meet you on the ground  
(On the ground)

When what you know  
(At least now i have someone i can stay with)  
Is more than you ever dreamed of

It's hard to keep from falling out  
Take one of these to calm you down  
And four am another riddle  
Look at me caught in the middle  
It's hard to keep from falling out  
(I'm falling out)

When what you know  
(At least now i have someone i can play with)  
Is more than you ever dreamed of  
And what you get  
(At least now i have someone i can stay with)  
Is more than you ever wished for

It's hard to keep from falling out  
(Im falling out)  
So i'll stay true to what i've found  
(To what i've found)  
And four am another riddle  
Look at me caught in the middle  
It's hard to keep from falling out  
(Im falling out)

When what you know  
(At least now i have someone i can play with)  
Is more than you ever dreamed of  
Falling out again  
what you get  
(At least now i have someone i can stay with)  
Is more than you ever wished for

(Im falling out)

And what you know  
(At least now i have someone i can play with)  
Is more than you ever dreamed of  
Falling out again  
And what you get  
(At least now i have someone i can stay with)  
Is more than you ever wished for

Falling out again  
And who you are  
(At least now i have someone to be with)  
Is more than you ever dreamed of  
(At least now i have someone i can play with)  
Falling out of love  
And what you get  
(At least now i have someone i can stay with)  
is more than you ever wished for  
(Im falling out)  
still
