Last night I saw her face  
It made me lose my place, it did  
It made me wonder  
How did I fumble into space

Can't eat a thing at all  
My appetite is way too small, it is  
Except for beverages  
I really love that alcohol

No little girl  
That your kiss ain't what I'm missing  
But your loving me  
Loving me, yeah  
No little girl  
That your kiss is what I'm missing  
And you're twisting me  
Twisting me, yeah  
No little girl  
That your voice wakes me at night  
Always pushing me away  
Always trying to start a fight  
Uh, bring it down

The pain washes across me  
The things that I thought we'd see, yeah  
The pain washes across me  
But now we're both strong and free, baby

Last time we danced real close  
That's when she sins the most, it is  
Her pace is much too fast  
How do I look inside my soul

No little girl  
That your kiss ain't what I'm missing  
But your loving me  
Loving me, yeah  
No little girl  
That your kiss is what I'm missing  
And you're twisting me  
Twisting me, yeah

No little girl  
That your voice wakes me at night  
Always pushing me away  
Always trying to start a fight
