Opression
and suffering
Depression
and hostility
obsession
and vanity
all on the cover page

Soak it in
Saturate
Turns to grey

All these things
Novocaine
So we don't feel at all

Suppression
and genocide
Exploitation
and homicide
Perfection
and suicide
all on the cover page

Soak it in
Saturate
Turns to grey
All these things
Novocaine
To desensitize us every day
To this life that we wait
So we don't feel at all

We don't feel at all
We don't feel at all
We don't feel at all
We don't feel at all

All these things
Novocaine
To desensitize us every day
To this life that we wait

So we don't feel at all

We don't feel at all

We don't feel at all
