Your pathetic your fucking weak
And I'm sick of it all
Social anesthetic of people you bleed
And I'm sick of it all
Your unapologetic even though you shouldn't be
And I'm sick of it all
You just don't get it and you never did
And I'm sick of it all

Falling faster to the end
Sick of it all

The weight of your sorrow
Make some paper wings and learn to fly
If there's no tomorrow
Burn your paper wings and say goodbye

You cut me so fucking deep
And I'm sick of it all
You fucking drained me and I can't breathe
And I'm sick of it all
I break down on my knees
And I'm sick of it all
Your so unreal how just don't get it

And I'm sick of it all

Falling faster to the end
Sick of it all

The weight of your sorrow
Make some paper wings and learn to fly
If there's no tomorrow
Burn your paper wings and say goodbye

I can't go on like this
Not even one more day
I can't go on like this
I can't go on

I can't go on like this
Not even one more day

I can't go on like this
I can't go on

The weight of your sorrow
Make some paper wings and learn to fly
If there's no tomorrow
Burn your paper wings and say goodbye
Burn your paper wings and say goodbye
