You the great offenders
Blood to paint your pictures
While you're stepping over
Fallen people lying in the streets

You the great pretenders
Only your views matter
While your heart grows colder
I wish that you could open up and feel

For a while see if you can take
Feel
You're alive and this is all part of it
Feel
Could it be that we're all afraid
Cause it feels like a rainy day parade

We the great believers
Blood is legal tender
And I will not surrender
What it was our fathers died to bear

We the people stated
Not negotiated
Just to be forgotten

I wish that you could open up and see

For a while see if you can take it
See
You're alive and this is all part of it
See
Can't you see that we're all afraid
Cause it seems like a rainy day parade

What I see is all too real
What I need is what you steal
And all I reap is what you take
Upon my back on which you break
And I just wish that we could rise above and

Feel

For a while see if you can take it
Feel
You're alive and this is all part of it
Feel
Could it be that we're all afraid
Cause it feels like a rainy day parade
