Another day
Inside my world
I'm married to
you and this road.
A road that never lets
me sleep .
So theres no way to escape the
demons I am forced to keep.

And then I find you here
Through your eyes
Everything's clear
And I'm home
Inside your arms,
But I'm alone for now.

I mean the best
with what I say.
It doesn't always
sound that way
I never learned to
Work things out cause
In my family all we
Ever seem to do is shout

But then I find you here
Through your eyes,
everythings clear

And I'm home
inside your arms,
but I'm alone for now.

And when I try to sleep-
the drugs I take
are killing me - I think of you
to ease my pain -
but you're so far-
Now it's time to say goodbye.
I love you baby
please don't cry -
'cause then I'll find you here -

Through your eyes everythings clear -
and I'm home inside your arms - but I'm alone for now.

But then I find you here
Through your eyes,
everythings clear
And I'm home
inside your arms,
but I'm alone for now.
