It doesn't feel like this is over  
It's never felt like it's begun  
Always looking over my shoulder  
Waiting for the end to come

And than you throw it all away  
Throw it all away  
Nothing I could say  
Throw it all away

You feel like you're still here bleeding  
You bleed until there's nothing left  
It doesn't seem to ever be enough for me  
It leaves me empty in the end

And than you throw it all away  
Throw it all away  
Nothing I could say  
Throw it all away

It's never enough to breakdown inside  
It's never enough to hold on to pride  
It's never enough to give up your soul  
It's never enough  
It doesn't feel like this is over

And than you throw it all away  
Throw it all away  
Nothing I could say  
Throw it all away
