[Hook] x 2

Yeah, oh, you know I'm sad as you
I can feel the love, can you feel it too?
I can feel it, oh, I can feel it, oh
Yeah, oh, you know I'm sad as you

I can feel the love, can you feel it too?
I can feel it, oh, I can feel it, oh

Yeah, I feel the love, I'm really feeling the love
I'm your girl's favorite rapper, that poster she's pinning
up
Ah, I'm from the city where people are giving up
Cause the government is crooked, they really don't
give a fuck
They say I'm crazy for recording these thoughts
But every 3 quarters earned, I see the quarter that's
lost
The missing piece to the pie and it's making me resent
If every job more music, then I'm hoping reinvent
The flow is so cement, rappers couldn't make it
Then I your fan base put they opinions up
You wanna fence, I've been the main event
Since I could barely pay the rent
And now they cover me in gold and listen with such
intent
Ah, you never say this shit I forever say
I do more in 24 hours than you do in 7 days
Hey, if you know me then you know I'm never fade
Either show a nigga love or we could go our separate
ways

I can feel the love, can you feel it too?
I can feel it, oh, I can feel it, oh
Yeah, oh, you know I'm sad as you
I can feel the love, can you feel it too?
I can feel it, oh, I can feel it, oh

I feel the love, I'm really feeling the love

Not that fake shit, but more like the type you feel in
your blood
Just listen to this tape, you can tell it's gonn make a
buzz
Cause my life is like a movie and this is the making of
Last year, they said I was underrated,
That was before the first transition has been created
And I gave you all the picture before the picture was
painted
Now you talk about me like you might be witnessin the
greatest
I don't blame you, my style is kinda unique
The one these unoriginal rappers tryina repeat
And real estate agents with properties wanna lease
When they find out that I'm copin my numbers like
every week
So please forgive my momentary arrogance
Surrounded by girls like Monroe common marylin
But tryina find balance in this world is kinda
challenging
The second transition, can't believe this shit is
happening
