[Verse 1:]

Yo it's back on the top of the map now  
Everybody else might wanna back down  
Bout to to link with Shake and turn 2DopeBoyz  
Into a certified crack house

I'm the man nigga  
C.O.D. is the clan nigga  
This that joint that'll make you swallow your words  
If you think that I'm playin with ya

Only thing I fear is the most high  
I been knocked down but I'm alright  
Cause I keep that faith by my side  
So there's no need for the 4-5, alright

I don't even really hear the shit ya'll talkin'  
I'm runnin laps while ya'll still walkin'  
Guess I'm just that man on fire  
No Denzel or Christopher Walken

Don't blame me, blame God  
Blame my father, blame my mother  
Sorry ya'll, you know I love you  
But you're the reason I'm ahead of the others

I'm thinkin' on my feet  
This shit s beyond the streets  
Ya'll lookin' tired  
Best be careful not to fall asleep

[Chorus 1:]

Got me feelin' so mindless  
I feel like I'm blinded  
It's trouble just finding my rhythm

Everybody's so mindless  
And knowledge is timeless  
But they'll never find what I give em'

You got me feeling like nothing baby, nothing at all

Got me feeling like noone answers me when I call

You got me feeling like nothing baby, nothing at all  
So I'm stuck in this mindless rhythm

[Verse 2:]

OK, I got this rap thing  
And I'm all good for the scrappin'  
If you feel like no one pays you anymore Ma  
Cause I'm more happenin'

From the boogie down Bronx  
All the way down to the lower east side of Manhattan  
From Brooklyn's brook over to Queens  
Across to the island of Stanton

Yo these my parts  
All I can do is on my heart  
As I swim around these sharks  
I reach high for the billboard charts

Yo Divine where you at  
North Carolina's on the map  
Let's drop the world on they fuck in heads  
Then put that shit back on our backs

New world orders on the way  
All I do these days is pray  
And I know my days are numbered  
But I got so much to say

So I try to slow them down  
But I'm feelin so profound  
My success is in my spirit  
You can hear it in my sound

[Chorus 2:]

Got me feelin' so mindless  
I feel like I'm blinded  
It's trouble just finding my rhythm

Everybody's so mindless  
And knowledge is timeless  
But they'll never find what I give em'

Got me feeling like nothing baby, nothing at all  
You got me feeling like noone answers me when I call

You got me feeling like nothing baby, nothing at all  
So I'm stuck in this mindless rhythm

[Bridge:]

It's a wrap now, I could never back down  
Got so many people rootin' for these raps now  
Got me feelin' like it's more than white and black now  
Guess I've come a long way, yeah [x2]

[Chorus 3:]

Got me feelin' so mindless  
I feel like I'm blinded  
It's trouble just finding my rhythm

Everybody's so mindless  
And knowledge is timeless  
But they'll never find what I give em'

Got me feeling like nothing baby, nothing at all  
You got me feeling like noone answers me when I call

You got me feeling like nothing baby, nothing at all  
So I'm stuck in this mindless rhythm
