

Soul Sacrifice

"Exile"

Visit "[Exile](#)" on MotoLyrics.com

Display of the innocence
Not ready to conceive for words
Of salvation
Of damnation

Same hands for, for dark to light
Explain the reason
Why it's like same reasons to hate

Same sides to, choose the path to death
Explain the reason
Reason to never be free

See for blind, for last time
Speak for poor, the words... of
Dignity and conceit
Why it's like hate... i scatter

Why it's like death, in my heart

Exile
One to another
Destination nowhere
First as last
