After midnight the party is really going on
The people hear the music ,its going strong
After midnight the dancefloor will be getting hot
Everbody shake their heads,until the drop
After midnight the groove move into your feets
Take a shower up there for the nice heat
After midnight you boogi-woogi up and down
Take a slite on the side can you feel the sound.

Verse

Let me play the music give me the flow
I'll take you higher see the hot show
Scream out my name,jimmy say it loud
I make the real beat,let it go upon
Tell me your feelings,I need the cry
Freestyle is my real life,now I tell you why
Shaking and weeping ,is this what I need
Feel it,feel it, it's the hottest beat.

Refrain.....After midnight€1x

Rap

This is the song for all the fellas

c'mon the groove is boom for heads up
Jump to the ryhtm,jump,jump to
The ryhtm,jump to the ryhtm,jump
Jump,I like the beat on the street
And everybody this,for the nation
Who likes the rocks jam Musicbox,don't stop.
After midnight the breakers go on the streets
And push the feelings make a shot
Drop,tricks,push it,push it
Don't stop the dance ,shake your asses
High,c'mon, c'mon people take it
To the limit,yes give me the flow
Show,mo', give me a flow,show,mo', c'mon.
