Bridge 1 (Malepart)

Days goes by the year grows old I look into your eyes

I see the symphonie of my life wishing never ends and
never die

Your beauty last forever

You see my feeling is like

Flying with the white Albatross

Bridge 2 (Femalepart)

My love eternally last forever to you

The nights of loosing tears and the days of my great
fears

Are goin' and leaving

You see my feeling is like

Flying with the white Albatross

Bridge 3 (Malepart)

Oh Lord I'm so thankfull you made her lovin' to me

A night and a day without you is like a lost dream

I'm alive and longing for

You see my feeling is like

Flying with the white Albatross

Bridge 4 (Femalepart)

Even the brightless star in the whole sky

can not keep warm and tight my heart like you

and always I confirm

You see my feeling is like

Flying with the white Albatross

Bridge 5 (Mixpart)

My love eternally last forever to you

The nights of loosing tears and the days of my great
fears

Are goin' and leaving

You see my feeling is like

Flying with the white Albatross --Fade out
