Ahhhhhhh,  
Mach 10!  
Cartman, this isn't Mach 10,  
Shut up, mach 10!

Sitting right back on the air of town, of a hustler around  
my way,  
We used to climb around the block, where my grandma  
stayed,  
Like being double U with friends tonight, Windows that  
we broke,  
One time he jumped out the car, He got a bullet in his  
bubblegoose,

He got a bullet in his bubblegoose,  
He got a bullet in his bubblegoose,  
He can be, at a party getting loose,  
But you can catch a bullet in your goose,  
He got a bullet in his bubblegoose,  
He got a bullet in his bubblegoose,  
He can be, at a party getting loose,  
But you can catch a bullet in your goose,

Sit right back in the air of town, with a young girl in my  
way, West Side!  
We used to dance around the way, from where my  
home boy stayed,  
Black beetle, double U with Crims to match, Windows  
that they broke,  
One night she jumped out the car, and got a bullet in  
her bubblegoose,

He got a bullet in his bubblegoose,  
He got a bullet in his bubblegoose,  
He can be, at a party getting loose,  
But you can catch a bullet in your goose,  
He got a bullet in his bubblegoose,  
He got a bullet in his bubblegoose,  
He can be, at a party getting loose,  
But you can catch a bullet in your goose,  
C'mon, Ahhhhhhhh

Mach 10, you guys!  
This isn't mach 10, Cartman,  
Mach 10, Kenny, your family's poor, Kenny, Kenny!  
Fuck you Cartman, Yeah, Mach 10, in the house, you  
guys,  
Cartman you're ruining the song,  
Fuck you guys  
He got a bullet in his bubblegoose,  
He got a bullet in his bubblegoose,  
He can be, at a party getting loose,  
But you can catch a bullet in your goose,  
He got a bullet in his bubblegoose,  
He got a bullet in his bubblegoose,  
He can be, at a party getting loose,  
But you can catch a bullet in your goose, What will she  
do,  
That's too high, dude
