I tried to die but,  
I tried to die but,  
I tried to die but I died trying  
[x2]

Bad apparitions! [x3]

Bad apparitions!  
I crossed the sands into another land  
I think we survived  
Divided into three  
Our dusty insides  
Rocks in an open knee

I think we survived  
Divided into three  
Our dusty insides  
Rocks in an open knee

I'll show you the dignity  
The night moves in me  
The revolution  
Swallowed whole

You're living it alone  
In a chemical death zone  
[x2]

The revolution  
You're living it alone  
The revolution

I think we survived  
Divided into three  
Our dusty insides  
Rocks in an open knee  
[x2]

I'll show you the dignity  
The night moves in me  
The revolution

Swallowed whole

I'll show you the dignity  
The night moves in me  
The revolution

You're living it alone  
In a chemical death zone  
[x2]

The revolution  
You're living it alone  
The revolution  
[x2]

I tried to die but,  
I tried to die but,  
I tried to die but I died trying
