Voo voo voo voo voo nowhere to run too
Nowhere to nowhere where where
Nowhere to voo voo voo voo

Voo voo voo voo voo nowhere to run too
Nowhere to nowhere where where
Nowhere to voo voo voo voo

Voo voo voo nowhere to run too
Voo voo voo voo nowhere to run too
Voo voo voo nowhere to run too
Voo voo voo voo nowhere to run too

Voo voo voo nowhere to run too
Voo voo voo voo nowhere to run too
Voo voo voo nowhere to run too
Voo voo voo voo nowhere to run too

How can pieces burn a hole
Like killing junkie never stole
Teach the weary sell your skull
When minds are dreary skin is old
It transpires to just have fun
Hate and love and electrons
And that's all I was meant to say
So lets run ok today

W-w-what's special always flowing
Leave the ground with hits to owe
Let it in and save some plaque
Let it out slide to slide
Leave it for nothing to loose
Way to say you always knew
Keep the walls on back and this
Supposed to save your recognition

The walls are coming down too show
Nowhere to run too
The walls are coming down too show
Nowhere to run too
The walls are coming down too show

Nowhere to run too
The walls are coming down too show
Nowhere to run too

Voo voo voo voo voo nowhere to run too
Nowhere to nowhere where where
Nowhere to voo voo voo voo

How can pieces burn a hole
Like killing junkie never stole
Teach the weary sell your skull
When minds are dreary skin is old
