Pandora"

You Shriek

Pandora lies awake with her eyes on the box

She never looks away

She stares and loses time

She beats her fists on the shiny black lid

No noise from within

It lies there quiet

And still she never leaves the room

Her curtains are drawn

Gonna close my eyes 'cause I never want to see it

And I'd nail it shut but I wouldn't want to lose it

I can shut myself out like you strap yourself in

'cause I know

I know I couldn't be that strong

I know I couldn't be that strong

I know I'll never be that strong

You could reach for the sun and melt into the clouds

That pass away now

Into the night

Spirits spilling out the doors

And through the cracks
I'm waiting
It isn't curiosity or ignorance or
Cherry lips or stinking whores that drive me
To pull out the nails and
Open the doors
Pandora...
She beats her fists on the shiny black lid
No noise from within it
Lies there quiet and still
Can't you see why I can't lick or breathe
Or think or bleed or laugh or fight
And I know I'm drowning
I know I'm drowning
Gonna close my eyes 'cause I never want to see it
And I'd nail it shut but I wouldn't want to lose it
I can shut myself out like you strap yourself in
'cause I know I couldn't be that strong
