Fresh force one shades
With some pinup gens
Come upstairs old plates...
Short kicks you are expecting to behave
Throw some... like easy taking...
Easy ain't pretty
Easy ain't pretty
Easy ain't pretty
Easy ain't pretty
Easy buddy
Easy buddy
Easy buddy

Got my swag up and I am fresh like...
Make my chest glow sex mad hoes
You can hit me up if you need to get that drink
Heard you come... yes I know
Blueberry pimp call it Pappa Snurf
Great soda yea h I got that so light it up
... smoke in the air I make you say we've been making...
We do this better than Bow Wow we sold you boy
Make your girl smile like Christmas...
I told you boy you need to bring the beat back

Relax and tell the brother where the weed at
I make hits like 3 bachelors play ball
You make less hits than Jordan playing baseball
... I am out for your chips... Alicia Keys now you are following
Fresh force one... with some denim jeans
Come on sitting on blades touch them and you're bleed
Short... you are a digger should be hitting flips
Twisted chips like... take a hit of this
Easy buddy
