Standin' in the pourin' rain, seein' your face again
Well I see it everywhere I go
Walkin' in the dead of night, I ain't givin' up without a
fight
Holdin' on to what we had before
I admit that I was wrong, come on back where you
belong
Can we talk about it, don't want to live without your love
Want it over and over
Chorus:
I'm gonna love you like nobody loves you, ain't that
worth somethin' babe
I'm gonna hold you like nobody holds you, ain't that
worth somethin' babe
And I can't resist the fire, I've been blinded by desire
Yeah
Too many nights alone, I was headed for the danger
zone
Yeah I knew that I was losin' control
Love's never black and white, if I had you in my arms
tonight
Girl I'd love you like never before
And in the moment that it takes, we could forgive all
our mistakes
'Cause here and now is real, and girl I wanna feel your
touch, over and over
(chorus)
Ain't that worth somethin', oh yeah
(Solo)
Time moves so slowly, you can spend your life lonely
Waitin' for a miracle that ain't gonna come
Once in a lifetime, this may be the right time
We had it all there, tell me where would we be without
love
I admit that I was wrong, come on back where you
belong
Can we talk about it, don't want to live without your love
Want it over and over
(chorus)
Ain't that worth somethin', oh yeah, ain't that worth
somethin', yeah yeah...
