You spent your whole life,  
Preparing for this one moment in time.  
For your own sacrifice,  
You carry the hope for all Mankind.  
You run with eternal grace  
Your courage is matched by your pride,  
With every beat of your heart  
Your destiny cannot be denied

Capture the dream  
Give it all for the team  
The call of the glory  
The thrill of the game  
This is the moment the whole world can see

Go for the goal  
With total control  
Feeding the fire burning deep in your soul  
One vision  
One goal  
To capture the dream

The moment has come  
The eyes of the world are waiting to see  
This is your time to claim your place in history  
Standing tall with your face to the wind  
Youâ€™ve waited all of your life  
Finding your strength from within  
Making your hopes come alive

Capture the dream  
Give it all for the team  
The call of the glory  
The thrill of the game

This is the moment the whole world can see  
Go for the goal  
With total control  
Feeding the fire burning deep in your soul  
One vision  
One goal  
And with the power you hold, capture the dream

Reaching up straight to the top  
Your vision will never be lost  
With every mountain you climb  
Winning no matter the cost

Capture the dream  
Give it all for the team  
The call of the glory  
The thrill of the game  
This is the moment the whole world can see

Go for the goal  
With total control  
Feeding the fire burning deep in your soul

One vision  
One goal  
To capture the dream  
Capture the dream
