Baby meet me in the park  
Don't tell your daddy where  
you're goin'  
Your papa no no he don't like me  
He thinks I 'm like the wind  
blowin'  
I 'm a young and restless runner  
Full tilt into the night  
I can see my wildness baby  
In your eyes  
(Chorus)  
We got a fire that's burnin'  
Let's give it everything we got  
We got a fire that's burnin' girl  
and it's hot, hot  
Baby meet me after dark  
And we'll dance all night together  
In the heat of the night we'll burn  
our fire  
The heat of the night will make  
it better  
The poundin' of our heartbeats  
Is the only thing that's real  
Nothin' else makes sense  
or matters  
That's how I feel  
(Chorus)  
We got a fire that's burnin'  
Let's give it everything we got  
We got a fire that's burnin' girl  
and it's hot, hot  
(Repeat Chorus)
