Keep on running riot, rockin' at full speed
Listen to the music, hot sound yes indeed
Dance on little sister, yeah get up and go
Have a good time, welcome to the show

Believe me honey, I'll take your spirit higher
My magic combo, it's called (Di Maggio Brothers) the
balls of fire
We ride a ghost train, the train of mystery
I drive the engine, so take a trip with me
Let's make a night of rockin' at full speed

Yes, I'm in the spotlight, strikin' up for you
Longtime coming rhythm, but it seems brand new
Well I've got a feeling, deep inside of me
Heartbeat tempo, come on try and see

Believe me honey...
