All I can say is I apologize  
I told you I was better than them other guys  
I know you thinking nah, it's another lie  
But it's the situation  
I mean like I'm a good dude  
I ain't mean to make a bad move  
When the situation, I ain't wanna lose  
The fussing turned to fighting, I ain't wanna bruise  
From you swinging on me  
I mean these other girls are hitting on me  
That's the only time I'm hitting back  
I guess you found out I was hitting that  
She want a slave but I was whipping that  
But won't lick in that  
Was pushed away, so I'm blaming you  
Then I met her, what was I to do  
At least I kept it real, and didn't lie to you  
Well maybe just a little  
But when it came back,  
It was real no riddles no fairy tales  
Can't see you coming down my eyes  
Shit turnt up situation mommy  
I make the song cry  
She know she see it crying  
To have her understand it  
So I let her hear the song cry  
You ain't gotta cry me though

Ah, now she crying on me screaming  
Why you lying on me  
I'm never lying on you, know though I be crying on you  
I mean I did it, cause you pushed me far away  
And I told you, you would never change in a day  
Now that day is gone, it's a new day so I moved on  
But I feel for you, you stay yeah I feel on  
But now I got your raining all on me, tear drops  
And this shit sucks,  
Blow pops, cause I feel bad, and you feel sad  
I could feel your heart banging on me red flag  
Now I'm feeling like a bad boy didy style  
No cigarette, just a blackened...

Just to calm my nerves  
Have a talk with you, I could chill for a minute  
Have a walk with you  
But in the rain you feel pain and you don't need more  
I wish I could stop it  
I made the rain pour.
