I might get lucky if I shine up my old act  
Get you to trust me, prove I can do better than that  
It's been such a long, long time since I have known  
someone so rare  
You're quite the goldmine; I find peace when you are  
there

\*Chorus\*

Don't fear what you feel, old wounds can be healed  
Come close for to see all I have in me

My strongest virtue is I can hold on till the end (All I  
have in me)  
No I won't hurt you, baby, I'll be your best friend  
Don't let my affections spook you; my love would do  
you no harm  
I never want to lose you; there is no cause for alarm

\*CHORUS\*

(All I have in me) Sugar don't you make me wait,  
don't you make me suffer  
You know I won't hesitate  
Just come on inside and see all I have in me  
All I have in me

My only weakness is your eyes your smile and your  
touch  
You know I feel this -still you play hide and seek and  
such  
I'm not your history; I should not pay for others'  
debts  
Once you get to know me all of the rest you will forget

\*CHORUS\*

(Don't be scared baby) (I'll mend your broken heart)  
(You haven't even tried me) (Throughout thick and  
thin) (All I have in me)  
(Stop your running around) (Give into the love you've  
found) (All I have)

(A frightened boy you'll stay) (All I have) (If you run  
me away) (All I  
Have)  
(Before you say no) (All I have) (See how far it is we'll  
go) (All I have)
