Every time I think I've got it  
Buildings explode  
I am being measured by a load-  
Cell,  
No signal to transmit

Hurts my body and soul  
And leaves a hole  
Which I try to fill  
But each time  
I try  
New holes burn through my skin

Burns  
Burns  
Oh how it burns  
Your tongues  
Lick holes  
On my lungs  
So I throw myself into the water

No one seems to understand what I really mean  
So I went searching other grounds  
Looked around  
The only thing I found  
Were buildings  
Half exploded  
On death beds  
Surrounded  
By people  
With holes burned through their skin

Burns  
Burns  
How it burns  
Your tongues  
Lick holes  
On my lungs  
So I throw myself into the water

I find it hard to make myself understood

You say I'm lost  
Thinking I was left behind

I stayed behind  
Cause I really thought I would  
Find me a way through the ruins of my mind
