[Verse 1:]

Uh

Yea

Yea

U kno

Sometimes

Lie awake at night

N I think bout my life

I realise some things ain't gonna change

Whether I live a wrong or right, it don't matta

All my life, all my days

Seems like, all we ever felt was pain

Never had shit

Was mad at my mom n dad

So I, did bad shit

Remember times, in the hall in the county

Thot I lost it all

Had no love around me

Thugged out with tatoos all over

Told myself fuck everybody else

I'm a soldier

Time goes on

Everybody grows

And that's how it goes

In the end, without no family

You Probably die alone

Or end up in the pin grown

Insanity turnin into reality

Your best friend turnin into your enemy

How can this be?

Lost everything I had

Went from good to bad

I'm in the hood

Most of the time I'm sad

So I can't smile

And they wonder why I'm so crazy now

Some hate me now

Sometimes I feel like I wanna die

Tears from my eyes when I hear my mamma cry

Mom, I sad some things that've hurt you

But deep down inside, you know I love you

But it's hard, I didn't make it far in skool  
This thug livin got me swimmin in a whirlpool  
Dreaming, sleep walking  
Talkin bout life try'na search for the meanin  
Nobody but god can explain this pain  
If I close my eyes forever will it be the same?

[Chorus:]

Days go by  
Wonder why  
This pain inside never goes away  
When I close my eyes  
I hope the skies never change  
But still will it always be the same?

[Verse 2:]

Growin up, I wasn't alone  
Had two older brothers  
My steppin stones  
And when times got rough  
My moms did everythin she could  
Just to make it good for us  
Remember, came to Cali  
From a bus from New Orleans  
Didn't have much all I had was dreams  
Corduroy jeans wore to skool bout twice a week  
Hard rice to eat  
No socks on my feet Sometimes,  
50 cents at lunchtime  
But nobody touches mine  
Was blind to the rules  
Didn't kno bout cicities  
Now I get old  
My friends call me YG  
We ran with the gang all we did was fight  
Was small, so we carried guns at night  
Got sent to the hall  
Did about six months  
Came back out hitted up a blunt  
Now I'm drinkin on OE  
Kickin with with big OG's  
All the hoes know me  
The police got their eyes on me  
And the fools, from the other side  
Despise me  
Why me?  
I guess I'm comin up now  
Before I didn't speak english  
Didn't give a fuck now  
But now, I know this game  
I can know my own name

My boy Saka with the whole game  
Pure like cocaine  
No more tears  
But I can still feel my pain  
Migraine headaches  
Thinkin about my death date  
Should I try to change  
Before it's too late  
Get out the gang  
That's what my mamma tells me  
Too much drama in your life's not healthy  
So god help me  
I wanna change  
But if I close my eyes forever  
Will it be the same?

[Chorus:]

Days go by  
Wonder why  
This pain inside never goes away  
When I close my eyes  
I hope the skies never change  
But still will it always be the same?

[Verse 3:]

I'll be there by your side  
When the sun rise  
And I'll be there with you  
After you die  
That's what god tells me  
Day in and day out  
So I'm thinkin  
Maybe there's a way out  
These daily madness  
It takes a bottle of hennessy  
Just to relieve my sadness  
Last year, my older brother came out the pen  
This year, my other brother went in  
(Damn)  
Seems like there's no end  
To this life sin  
Mixed up bad  
Like dust and wind  
Wish I had another chance to go to skool  
They thot I was outnumbered  
But I'm a show them fools  
Them hater hoes  
I know they get mad  
When they see me mash'n  
Like potatoes  
Okay though

It's all gravy though  
Don't fuck with no shady hoe  
Just pay me dough  
And I'll say  
See ya later hoe  
Cus if you soft for a bitch  
She'll break you  
Take your heart  
And cut it for what she gave you  
So peep game  
If hate don't kill you then love will  
I've been above that hill  
Too much stress  
Can make a man go insane  
I stand in the middle  
Hoping I can maintain  
Relaxin  
I can't be held responsible  
For my reactions  
Physco passion  
Pumpin in my heart  
And start takin lives  
Holding court in the streets  
Cus they never takin me alive  
Tell me can you fell my pain?  
I wanna close my eyes forever  
But will it all be the same?

[Chorus: x2]  
Days go by  
Wonder why  
This pain inside never goes away  
When I close my eyes  
I hope the skies never change  
But still will it always be the same?
