Close your eyes  
Don't want you to see where i'm taking you tonight  
Let's just say it's a surprise (a surprise)  
Seeing you again  
What a surprise (what a surprise)  
To be with you again

I'm a man  
On the scene  
See you around  
The same way i always do  
See you around (see you around)  
The same way i always do  
See you around (see you around)  
You know i'm hoping to

Where are we going  
Have we gone too far

Losing our clothing  
Have we gone too far (X4)

What a surprise (what a surprise)  
Seeing you again  
What a surprise (what a surprise)  
To be with you again  
See you around (see you around)  
The same way i always do  
See you around (see you around)  
You know i'm hoping to

Where are we going?  
Just close your eyes till we get there  
You won't know where i hope i see you around  
The way i always do you  
It's always a surprise to be with you
