Can't get no sleep tonight  
It's all because of you  
Even though I was with a-you  
And we just said good night

Cheeks are burning red for you  
Heart is beating fast for you  
At last at last ohh

It is my first kiss chu (chu)  
A kiss with you (you)  
I will give you all my love (my love)  
Why is it I feel this sweet and tender?  
Oh I don't know why  
It is my first kiss chu (chu)  
A kiss with you (you)  
I will give you all my love (my love)  
Yes I know it's strange for a man to cry  
Can't hold back be in love with you

And when we meet again  
I know just where we'll go  
All my dreams of tomorrow  
Can't help but to grow and grow

All this love I give to you  
Give eternally to you  
For sure for sure ohh

It is my first kiss chu (chu)  
A kiss with you (you)  
I will give you all my love (my love)  
Why is it I feel this sweet and tender?  
Oh I don't know why  
It is my first kiss chu (chu)  
A kiss with you (you)  
I will give you all my love (my love)  
Yes I know it's strange for a man to cry  
Can't hold back be in love with you

It is my first kiss chu (chu)  
First kiss with you (you)

I will give you all my love (my love)  
Why is it I feel this sweet and tender?  
Oh I don't know why  
It is my first kiss chu (chu)  
A kiss with you (you)  
I will give you all my love (my love)  
Yes I know it's strange for a man to cry  
Can't hold back be in love with you

Oh yeah

(Loving you)

Loving You, Loving You  
Can't Stop  
Loving you, Loving You
