I never wanna break your heart
Never wanna make you cry
Never wanna give up and die

And even if you can't stand up
Even if you lose your light
I'm a friend by your side
You're never gonna be alone

You can never let down
Never let down
You can never let down
Never let down
Never let down

I never wanna make mistakes
Never wanna do no wrong
Never have a place to belong

And I'm never gonna leave you out
If you ever lose your way
Not alone or betrayed
I'm always gonna be around

Don't you never let down
Never let down
Never let down

Oh, you're doing alright
You're doing okay
Just follow your heart
And don't run away

Don't you ever let down
You're doing alright
You're doing okay
Just follow your heart
And don't run away

Don't you never let down
You're doing alright
You're doing okay

Just follow your heart
And don't run away

I never wanna break your heart
I never wanna break your heart
I never wanna break your heart
