Gonna dance, gonna dance dididididi

Hey,  
If you ain't gonna dance  
(Something)  
Put your hands  
(Something)  
In your cootie pockets  
(Something)  
Ain't gonna dance  
(Something)  
Put your hands  
In your cootie pockets

Then I say something  
I say something right now  
I say something  
Then Noah says something

Something, Something!  
(Something, something! )  
Something, something!  
(Saaaaaaaah)

[Meowing, strange noises, and beat boxing]

And I will always love you  
And I will always love you  
And I will always love you woo woo woo woo woo

What's new pussy cat?

Talkin' bout people
