Watching the rain, how it falls
With my back against the wall
Wish that I could find a way
Just to rewind my mistake
And change the way I feel for you

I'm like a moth and you're the flame
And you facinate me every day
So I'm back here at your door
In this love I can't afford
I only know I'm in to deep
And I can't get out

Leave this all behind me
I was stuck 'cause I believed
That someday you'll find me
Now I've finally learned to see
Time to make it on my own
'Cause I'm better off alone

Caught in a lie, caught in my fears
Nothing's quite like it appears
But your love is still the same
Such a sweet and bitter pain
I only know I'm in too deep
And I can't get out

Leave this all behind me
I was stuck 'cause I believed
That someday you'll find me
Now I've finally learned to see
Time to make it on my own
'Cause I'm better off alone

Yeah, I'm better off alone

Watching the rain, how it falls
With my back against the wall
Wish that I could find a way
Just to rewind my mistake
And change the way I feel for you
'Cause I really don't need you

Leave this all behind me
I was stuck 'cause I believed
That someday you'll find me
Now I've finally learned to see
Time to make it on my own
'Cause I'm better off alone
I'm better off alone
'Cause I really don't need you
You're killing me with your smile...
