What can I say  
I'm not okay  
It's been days and weeks and months  
And I should be moving on  
I've been out of tears for so long  
Where do I go from here

You're everything I am  
You're everything I am  
You're all I'll ever be  
You are all there is to me  
What it's all about  
I cannot live without you  
I've tried to let go but I can't  
You are everything I am

I wish there was a way  
To make you come back and stay  
Believe me, I have changed  
I know I'm not the same  
I'm running out of words to say now  
Where do I go from here

You're everything I am  
You're everything I am  
You're all I'll ever be  
You are all there is to me  
What it's all about  
I cannot live without you  
I've tried to let go but I can't  
You are everything I am

Don't tell me  
There's no way  
I'm lost without you  
I'm lost without you  
I'm waiting, still waiting  
I'm holding on to you, yeah  
I'm holding on to you  
I'm falling, I'm falling  
I'm lost without you  
You are everything I am

You're everything I am  
everything I am  
You're all I'll ever be  
You are all there is to me  
What it's all about  
I cannot live without you  
I've tried to let go but I can't  
You are everything I am

Don't tell me, there's no way  
You're everything I am  
Don't tell me, there's no way  
You're everything I am  
Don't tell me, there's no way  
You're everything I am  
everything, everything I am  
You're everything I am  
I wish there was a way to make  
you come back and stay
